

### Magic Moments - Project Homework Ideas

Please choose an area with your child to do at home. Please can all pieces be handed in by Friday 17<sup>th</sup> May. Pictures or videos can be uploaded onto DoJo or you are welcome to bring in creations to school.

Happy Exploring everyone.

#### Music

Listen to the song Music Moments by Perry Como.

[https://www.youtube.com/watch?v=ZZ\\_hWTuSYSk](https://www.youtube.com/watch?v=ZZ_hWTuSYSk)

How does it make you feel?  
Can you dance to this song?  
Tell someone what you think the song means when it says “When two hearts are caring.”

Talk about the memories you and your family are sharing.

#### Magic Moments-

Do you and your family have some magic moments that you would like to share with the class?

These could be birthdays, celebrations, weddings etc.  
We would love to see photos on Tapestry and a short write up about the magic moment.

#### Magic Experiment

Can you find out how to do the skittles experiment and either watch what happens on youtube or have a go if you have some skittles? Draw a picture/ take a photo.  
List the colours and record your findings.

#### Magic Potions

Can you draw a picture of a magic potion and the items that you needed to add to the potion?

What will it do?

How long will it take to prepare?

Can you label the items you used for the ingredients?

What is your potion called?
